Our pupils deserve the very best education. At Queens Road Academy we are proud of our happy, aspirant and hard-working school. We strive to ensure learners achieve their full potential and celebrate their success. We do this by creating a positive environment which is safe, respectful and provides relevant learning to today's world. We ensure children are valued as individuals and promote an active, engaging curriculum that matches our pupils' needs, regardless of their starting points.

Queens Road Academy provides equal opportunities for all through an appreciation of diversity and inclusion. We value the benefits of working in collaboration with parents, the local community and St. Mary's Academy Trust, as this teamwork fosters success in our children's learning and emotional wellbeing.

We have an underpinning drive to ensure the best academic outcomes for every pupil at Queens Road Academy. We also understand this only represents a part of a child's school experience so we have a commitment to providing varied and exciting opportunities throughout a child's journey with us. These will equip all children with the necessary skills, experiences and confidence to prepare for work and life. Through these aims we ensure that Queens Road Academy is a welcoming school, where you want to send your children to and a place where all return with a smile.
