

FS1 Taskboard – Keep busy, keep learning, keep safe

Here are some suggestions to keep busy whilst we are at home. Try to do four jobs each week but do more if you like. Please take photos and stick them in your scrap book. You could also paint, draw and add anything that your child will enjoy remembering and want to share with us when we all get back together. Many of the jobs will need adult supervision. Please feel free to add any other ideas to your child's scrapbook. We will get prizes when we get back to school when we share our fantastic scrapbooks.

Which is your favourite number song? Can you sing all the words?	Practice counting to 10.	Look outside and count how many trees, flowers, bugs etc. can you find	Can you spot any numbers when you go for a walk? Look on doors. Signposts etc.	Play a number game snap, dominoes, Snakes and ladders or a game where you have to count spaces.	Find some shapes in your house. What shape is the door windows clock etc.?
