ACADEMY TRUST

St Mary's Academy Trust

Curriculum Policy

Date agreed by Performance and Standards committee: November 2020

Date to be reviewed: October 2021

Principles

St. Mary's Academy Trust's schools each offer a curriculum that is broad, balanced and relevant and meets the needs of all of our children whatever their ability. Our curriculum is comprised of The National Curriculum's core and foundation subjects and the wider school curriculum and meets all statutory requirements. All schools are expected to deliver a personalised curriculum designed to meet the needs of their current pupils and context of the school, providing them with a wide range of relevant, challenging and stimulating learning experiences. All staff must follow and implement the Curriculum Policy.

We believe in the importance of helping our pupils develop as a whole person and aim to ensure that all of our pupils reach their full potential in all areas of the curriculum. We believe it is our duty and responsibility to provide them with as broad a range of experiences as possible, including through outdoor learning, use of the local and wider community, theme days, and educational visits and visitors that really bring our curriculum to life. Wherever possible, we aim to engage parents and carers in the curriculum and their children's work, for example through termly curriculum meetings, homework tasks, work sharing assemblies and parents' evenings.

The curriculum we offer provides opportunities for children to develop as independent, lifelong learners who are capable of collaborative learning, creative and critical thinking, problem solving and empathy for others and are beginning to develop an in-depth understanding of the world in which we live. Our schools' curriculums will help to prepare them for the next phase of their education and as learners of the 21st Century and ensure that they grow into responsible citizens who make a positive contribution to society.

Policy Aims

- To ensure that all schools within St. Mary's Academy Trust design and implement a curriculum that follows the curriculum principles outlined below.

- To provide all parents and carers with a clear outline of the intent and implementation of their child's curriculum therefore ensuring that they feel part of the school and know how to support their children in their educational development at home.

Legislation and Guidance

This policy reflects the requirements for academies to provide a broad and balanced curriculum as per the Academies Act 2010.

It also reflects requirements for inclusion and equality as set out in the Special Educational Needs and Disability Code of Practice 2014 and Equality Act 2010, and refers to curriculum-related expectations of governing bodies set out in the Department for Education's Governance Handbook.

This policy complies with our funding agreement and articles of association.

In addition, this policy acknowledges the requirements for promoting the learning and development of children set out in the Early Years Foundation Stage (EYFS) statutory framework alongside the SMAT Early Years Foundation Stage Policy.

Curriculum Principles

All schools within St. Mary's Academy Trust should design their own curriculum in line with the following 'Curriculum Principles' to ensure that they are meeting the educational, personal, social and emotional needs of all pupils within their school.

All schools will:

- Have a clear vision for their own school's curriculum which allows them to meet the needs of their school, pupils and local community, including identifying a set of key drivers which will be embedded within the planning, teaching and outcomes of all subjects.
- Ensure all stakeholders of the school have a clear and common understanding of the school's curriculum intent, its implementation and how it will evidence impact.

All schools should design and implement a curriculum which:

- Reflects St. Mary's Academy Trust's ethos of excellence and high ambitions for every single pupil in their care.
- Ensures that all pupils receive a broad and balanced curriculum which is not narrowed at any year group for any individual or group of pupils.
- Broadly follows the contents of the National Curriculum and is enhanced and enriched with additional content and experiences which are tailored to the needs of the pupils and context of the school as the school sees fit.
- Is progressively more challenging in both knowledge and skills, being carefully sequenced so that new knowledge and skills build upon what has been taught before and working towards clearly defined end points which they wish pupils to meet by the end of each year group.
- Allows pupils to gain new knowledge and skills; transfer key knowledge to long-term memory; and apply knowledge and skills in a range of contexts independently.
- Enables all pupils to be successful and achieve, including quickly addressing gaps in pupils' knowledge and skills, enabling the vast majority of pupils to catch up and meet their end of year milestones.
- All pupils can access, including successfully adapting the curriculum where necessary to ensure that it caters for the needs of all pupils and is fully inclusive, including for our most

Curriculum Policy

disadvantaged pupils and pupils with SEND, giving all pupils the knowledge, skills and understanding they require to be successful in life.

- Has a rigorous and sequential reading curriculum, which includes the teaching of synthetic phonics. The reading curriculum should ensure that the vast majority of pupils become fluent readers in Key Stage 1, enabling them to access and understand a full range of subjects at Key Stage 2. They also ensure that any pupils who are not fluent readers by the end of Key Stage 1 receive effective intervention which enables them to close the gap quickly to their peers.
- Develops the essential skills of reading, writing and mathematics and ensures that pupils have opportunities to apply these skills in a variety of different contexts, including reading age-appropriate texts across the curriculum at each stage of their education.
- Ensures that all pupils have a solid foundation and preparation for the next phase of their education and development.
- Promotes pupils' spiritual, moral, social and cultural development, preparing them for life as effective, responsible and active citizens and enables them to respond positively to the opportunities and challenges of a rapidly changing world.
- Enables pupils to make a highly positive and tangible contribution towards life, their local and wider community
- Allows pupils to develop a deep understanding of fundamental British values: their understanding of the importance of democracy, the rule of law, individual liberty, mutual respect and tolerance in a diverse society.
- Allows pupils to develop as enthusiastic learners with a positive attitude and commitment towards their education.
- Develops resilient, confident and independent learners.
- Enables pupils to develop an understanding of how to stay safe and stay healthy, both physically and mentally.
- Provides an ambitious wider curriculum offer, including providing pupils with a rich and varied range of extra-curricular activities and learning experiences, which all pupils are able to access.

All schools will:

- Use assessment effectively to support the teaching of the curriculum, including to inform teaching and learning, assess what pupils know and can do, and what they need to know and do next, informing next steps to learning for all pupils.

Areas of Learning

The Early Years Foundation Stage (EYFS)

Teaching in the EYFS setting is delivered in accordance with the government's statutory document 'The Statutory Framework for the Early Years Foundation Stage' (3rd April 2017). This document is a principled approach to Early Years education, bringing together children's welfare, learning and development requirements through four themes: 'A Unique Child', 'Positive Relationships', 'Enabling Environments' and 'Children Learn in Different Ways and at Different Rates'.

Curriculum Policy

Characteristics of Effective Learning:

The ways in which young children engage with other people and their environment – playing and exploring, active learning, and creating and thinking critically – underpin learning and development across all areas of EYFS and support the child to remain an effective and motivated learner.

The curriculum is centred on 3 prime areas of learning:

1. *Communication and Language*
2. *Physical Development*
3. *Personal, Social and Emotional Development*

Providers must also support activities through four specific areas which strengthen the prime areas.

These are:

1. *Literacy*
2. *Mathematics*
3. *Understanding of the World*
4. *Expressive Arts and Design*

All areas of learning are given equal weighting and value and no one area of the curriculum is more important than another. These areas of learning and development address young children's physical, cognitive, linguistic, social and emotional development. No one aspect of development stands in isolation from the others as all the areas of learning are closely interlinked. This ensures the delivery of a holistic, child-centred curriculum which allows children to make links between what they are learning.

St. Mary's Academy Trust believes that Early Years education is important in its own right and should not be viewed simply as preparation for the next stage of children's education. The EYFS framework allows a natural progression into the National Curriculum at the beginning of Year 1 and we emphasise the importance of effective transition between these two phases of a child's education.
