## 2. Specific purpose for which the data sharing is required

One of Barnsley Metropolitan Borough Council's (BMBC) key priorities is to ensure that people achieve their full potential. This Agreement supports this ambition by enabling the effective and necessary sharing of information between Barnsley schools and BMBC. Good information governance is vital for promoting the wellbeing of children and young people and to ensure that statutory responsibilities to safeguard and promote the welfare of children are fulfilled.

Sharing information helps mitigate risks to vulnerable children and young people. Appropriate and timely sharing aids the effective identification of need, facilitates integrated responses to address these needs, prevent problems escalating and increase the chance of achieving a positive outcome.

Schools are at the heart of our partnership efforts and success for children and young people is dependent upon effective partnership working and appropriate information sharing between partners. This Agreement relates to information sharing between schools and BMBC. We will endeavour to keep any administrative effort to a minimum in relation to any requests and will continue, especially around the use of secure technology solutions, to minimise the effort needed to share information.

The sharing of personal data will meet statutory requirements and facilitate the provision of accurate and more detailed management information to:

- Measure the impact of provided services
- Measure effectiveness of policy and associated changes
- Inform planning processes for future service provision

The purpose of this Data Sharing Agreement ('Agreement') is to enable BMBC to fulfil its statutory duties for all children and schools in the borough of Barnsley. Paramount to these duties is the need to meet our safeguarding requirements, and to enhance the ability of partner organisations to support the learning and welfare of children and young people through the exchange of data and use of information where there is a statutory requirement to do so. There is a statutory duty on BMBC to ensure there are sufficient school places in the area, promote high educational standards, ensure fair access to educational opportunity and promote the fulfilment of every child's educational potential. BMBC must also promote diversity and increase parental choice.

Sharing information between BMBC and schools will:

- Enable BMBC to carry out and conduct its statutory and core services for all children and schools including its preventative services / provisions
- Improve the outcomes for all children, especially the vulnerable
- Promote the welfare of the child and family and to safeguard the most vulnerable through timely support
- Contribute to a shared understanding of need across the borough
- Continue to provide high quality services to children, including high quality educational provision
- Provide complete key stage outcome data for comparison purposes
- Reduce administrative burden on schools, avoiding duplication and ensuring systems are accurate and up to date
- Assist in the improvement, where necessary, of the quality of data held by schools
- Assist in the support and challenge of schools in the borough.

Information will be managed in line with BMBC policy and guidelines on the safe and secure management and use of information.

## 3. Type and status of data shared

The following data processing requirements must be completed:

(delete as required)

Is the data 'person identifiable'?	Yes
Has explicit consent been given and recorded?	No
Has implied consent been recorded?	No
Is the subject aware that sharing will take place?	Yes
Has a Privacy Notice been issued as appropriate	Yes/No Yes
Is the data anonymised?	No

#### **4. Legal basis for sharing where no consent is given**

Under the Data Protection Act 2018 (DPA) and the UK General Data Protection Regulation (GDPR), the parties to this DSA are defined as Data Controllers and therefore must comply fully with the DPA/GDPR and must be registered with the Information Commissioner (<http://www.ico.gov.uk/>). In addition, schools must notify parents and young people of the reasons why information is processed by the school, which is called a privacy notice.

Article 6(1) (c) and Article 9(2) (b) of the GDPR provide the legal basis' for sharing information, with the following statutes being relevant for the purposes set out:

##### **Education Act 1996 (2002 & 2011)**

- Section 14 of the Education Act 1996 requires local authorities to provide sufficient schools and equipment for pupils of all different ages, abilities and aptitudes and for the different periods for which they may be expected to stay at school. Provision must include practical instruction and training appropriate to the pupils' different needs and must secure diversity in the provision of school and to increase opportunities for parental choice.
- Section 15 of the Education Act 1996 requires local authorities to provide the provision for their area of education suitable to the requirements of persons over compulsory school age who have not attained the age of 19.

##### **School Standards and Framework Act 1988**

- Section 5 of the School Standards and Framework Act 1998 requires local authorities to promote high standards in primary and secondary education.

##### **Education & Skills Act 2008**

- Section 10 of the Education & Skills Act 2008 requires local authorities in England to ensure that its functions are exercised so as to promote the effective participation in education or training of persons belonging to its area.

In addition, the sharing can be justified for the following purposes in accordance with the following legal gateways:

##### **Section 10 of the Children Act 2004**

This requires Children's Service Authorities and their relevant partners to cooperate in order to improve the well-being of children and young people in relation to the following:

- Physical and mental health and emotional well-being
- Protection from harm and neglect
- Education, training and recreation
- The contribution made by them to society
- Social and economic well-being

##### **Section 11 of the Children Act 2004**

Duty on key persons and bodies to make arrangements to ensure their functions are discharged with regard to the need to safeguard and promote the welfare of children.

##### **Section 47 Children Act 1989**

Section 47 places a duty on local authorities to make enquiries where they have reasonable cause to suspect that a child in their area may be at risk of suffering significant harm. Local authorities shall make, or cause to be made, such enquiries as they consider necessary to enable them to decide whether they should take any action to safeguard or promote the child's welfare.

##### **Section 17 Children Act 1989**

Local authorities have duties to safeguard and promote the welfare of children within their area who are in need and so far as is consistent with that duty, to promote the upbringing of such children by their families by providing a range and level of services appropriate to those children's needs.

##### **Working together to safeguard children 2013**

This statutory guidance sets out how inter-agency organisations and individuals should work together to safeguard and promote the welfare of children.

BMBC may from time to time share information with third party organisations where there is an appropriate legal gateway or a statutory requirement to do so. For example BMBC may share your data with The Barnsley Teaching School in order to secure funding for your school or where BMBC would benefit from the legal gateway of the School Standards and Framework Act 1998 or with the Supporting Families Programme to promote access to public services for families with multiple disadvantages in line with the provisions of Part 5 in the Digital Economy Act 2017.

Information will only be shared in accordance with school privacy notices, the governing legislation and government requirements.

## 5. Data Items shared

**A more detailed breakdown of the data that is collected by BMBC from schools is included in Appendix A but the list below gives an overview of the key areas of data.**

<b>Service User Data</b>	<b>Information Required</b>
Core daily data	Basic details on the children and young people in Barnsley schools (where daily collection is not practical this will be half termly/termly as appropriate)
Attendance data including exclusions and alternative provision	To support safeguarding, we know where our children are and to help ensure all children are getting their full learning entitlement. The data will provide a basis for more targeted work around attendance at various levels.
Post 16 including destinations	To help ensure Barnsley's young people are participating in learning post 16.
Children looked after	Sharing pupil details with the corporate parent to ensure looked after children are in appropriate education, attending and making good progress in their learning.
Statutory	To submit returns to the DfE e.g. school census, end of key stage tests/assessments, school workforce census
Locally required	Information to support shared Barnsley and Barnsley Alliance priorities e.g. provisional key stage outcomes

The information collected from schools is processed by BMBC, and the following aggregated information is shared with schools and partners in such a way that individual children cannot be identified from them:

- Contextual analysis
- End of key stage assessment performance and predictions
- Pupil progress
- Attendance and exclusions
-
